ELECTION RECAP

CIVIL DISCUSSION TRAINING

The results are in - there is much to celebrate in the number of female candidates on the ballot in the 2018 midterms! At the League of Women Voters of Greater Pittsburgh's post-election recap, we will raise a glass to this victory and review how their campaigns fared on Election Day.

And because the holidays are right around the corner - and because civil conversations are always a win-win - our friends from The Hear Yourself Think Project (www.hearyourselfthink.org) will present an informal training that to help you preserve the peace and uphold the truth the next time you find yourself at a gathering with family and friends of different ideologies and opinions.

That's something to be thankful for!
